Energy efficiency class:	

PISLHMEN-10001

LHMSW / LHMMG / LHMRG

Horizon pendant light move – black | moss green | rose gold

Technical data

Supply voltage	220–240 V
Frequency	50–60 Hz
Maximum power consumption	40 W
Connection clamp	3-pin
Power consumption in standby mode	< 0.5 W
Ceiling housing dimensions (W × D × H)	670 × 94 × 50 mm
Light dimensions (W × D × H)	1259 × 14 × 35 mm
Weight (incl. accessories/packaging)	4.4 kg
Surface material	Metal/plastic
Lighting control system	Gesture control
Dimmable	Yes
Light bulb / light colour	LED / warm white to cold white
Colour temperature / colour rendering index (Ra)	2700–5000 K / CRI > 90
Direct / indirect luminous flux	1600 lm / 770 lm
Direct / indirect beam angle	63° / 69°
Service life	> 50,000 hrs
Switching cycles	Min. 50,000
Protection class / protection type	1 / IP20
Energy efficiency class	G

Product description

- Compact 2-in-1 lighting
- Simple operation through gesture controls
- Seamlessly height-adjustable on the lighting fixture

Scope of delivery

Horizon pendant light move, operating and installation instructions, installation template

Product and planning information

- Installation aids must be provided at the installation site
